

Almond (or any nut) Butter

12 oz. raw almonds (or any raw nut)
Extra virgin olive oil
Sea salt

Fill your food processor 3/4 full with almonds (or whichever nut you choose) and process until powdery. Add olive oil and process until somewhat creamy (nut butter will be somewhat grainy). Add salt to taste. Store in a jar and keep in your refrigerator.

For a great snack (or breakfast), spread nut butter over Ezekiel 4:9 cinnamon raisin bread. Add sliced bananas and drizzle with honey.
